Before Religion: A History of a Modern Concept [Brent Nongbri] on hecfran-modelismo.com *FREE* shipping on qualifying offers. For much of the past two centuries, religion has been understood as a universal phenomenon, a part of the “natural” human experience that is essentially the same across cultures and throughout hecfran-modelismo.coms:

His book, Before Religion: A History of a Modern Concept, offers a corrective to the conventional modern uses of the term “religion.” The topic of our July 6th post, “ Saint Siddhartha: Making the Buddha a Christian,” was actually something of a footnote to Brent Nongbri’s main premise in Before Religion. Taking apart this assumption, Brent Nongbri shows that the idea of religion as a sphere of life distinct from politics, economics, or science is a recent development in European history—a development that has been projected outward in space and backward in time with the result that religion now appears to be a natural and necessary part of our world. "So, although Before Religion understandably comes well after many of the works that helped to establish this field of study, it is likely the best way into the literature on “religion” for the newcomer (and thus Nongbri’s work has the effect of helping to constitute this focus as a legitimate specialty). Jan 01, · To introduce the idea of "religion" as a modern concept to people who might not be familiar with it and to apply the idea to the ancient world. At times, Nongbri's execution is quite good, especially in the initial chapters/5. Before “Religion”: a History of a Modern Concept May 19, / 0 Comments / in Podcasts / by Jack Tsonis For much of the past two centuries, “religion” has been understood as a universal phenomenon, a part of the “natural” human experience that is essentially the same across cultures and throughout history.
