Placebo and Pain: Chapter Against 'Placebo.' The Case for Changing our Language, and for the Meaning Response Kindle Edition Author: Daniel E. Moerman. The pain report is the basic dependent variable in many studies of placebo analgesia, and reported pain should ideally reflect the pain experience. However, the pain report is subject to a number of different influences that threaten the internal validity of research on pain and, consequently, placebo analgesia. By presenting and integrating a broad range of research, Placebo and Pain enhances readers' knowledge about placebo and nocebo effects, Chapter Against 'Placebo.' The Case for Changing our Language, and for the Meaning Response. Abstract. A Summary of the Argument. A Brief Review of the Data.
