

The Blackhearts Omnibus (Warhammer Novels)

Adrian Mole and the Weapons of Mass Destruction, Asthetik des Erhabenen Bei Pseudo-Longin und Christine Pries: Ein Vergleich (German Edition), Paleozoic and Mesozoic Tectonic Evolution of Central Asia: From Continental Assembly to Intracontine, Arc Silt Dive: The Works of Sheba Chhachhi, Indiana Business Directory 2006-2007, THE LORE OF THE WHARE-WANANGA, Fret Busters: Gods Peace for Your Problems Today,

I thoroughly enjoyed this book! I was hoping that the Blackhearts novels would live up to the author's Gotrek & Felix novels; they did that, and then some. This omnibus edition contains some of the best Warhammer fiction I have read indeed, some of the best fantasy action I
Reviews: After the creation of the Warhammer Fantasy universe by Games Workshop, novels were published as "GW Books" by Boxtree Ltd, but more recently novels have been under Games Workshop's publishing arm, the Black Library.. Entries marked with * have been collected in omnibus. Sep 03, · Blackhearts: The Omnibus (Blackhearts #) by. Nathan Long (Goodreads Author) I've never read another Warhammer book, I tried reading one once and I didn't even make it 3 chapters in before I got rid of it. However, I definitely want to read more of Nathan Long's books/5. Nathan Long has worked as a screenwriter for fifteen years, during which time he has had three movies made and a handful of live-action and animated TV episodes produced. He has written four novels, and several award-winning short stories. He lives in Hollywood. "About this title" may belong to another edition of this title. This omnibus edition contains some of the best Warhammer fiction I have read indeed, some of the best fantasy action I have ever read, period. `Blackhearts' is non-stop action and intrigue, well plotted and relentless.5/5(5). As has been mentioned, the Blackhearts series was probably my favourite, they are incredibly enjoyable and a bit darker than the Gotrek and Felix novels. The warhammer world is amazing, and has a lot more depth than the 40k universe, as well as generally being a lot less grimdark.
