This is an age-play book with an older man treating a younger girl as his "little." There are some pretty hot spanking scenes and a shaving scene that is both humiliating and at the same time pretty hot reading/5. Excellent story. You will like it whether you read other age-play stories, or not. I love the dominant rancher, and I like how he introduced his guest (girl he was protecting) to age-play. It all makes sense how it happens. The Rancher's Little Girl by Emily Tilton – Extended Preview When the front door had closed behind Kelly, Ross walked back to the kitchen, where Victoria was still getting dinner on the table. "You'd better go up to your room and wait for me there, Victoria. Herman Loper, the girl's father, conservative oil tycoon, would not get in the way of the story; now, if Victoria could come up with the evidence that his precious, virginal daughter had been taken, with a friend no less, to the senator's luxurious mansion to have her maidenhead plucked.
