Political Consultants and Negative Campaigning: The Secrets of the Pros One of the most closely-watched and controversial aspects of modern political campaigning is the use of negative Price: \$ Abstract. One of the most closely-watched and controversial aspects of modern political campaigning is the use of negative, attack tactics. This book examines the role played by negative campaigning through a national survey of professional political consultants. Although there is evidence that negative advertising "works" at least some of the time, little attention has been given to the question of how candidates should respond when they are attacked.
