Electronic news-gathering can involve anything from a lone reporter taking a single professional video camera out to shoot a story, to an entire television crew taking a production or satellite truck on-location to conduct a live news report for an outside newscast. Satellite news gathering (SNG) is the use of mobile communications equipment for the purpose of worldwide newscasting. Mobile units are usually vans equipped with advanced, two-way audio and video transmitters and receivers, using dish antenna .

Sep 27, Eventually, the use of analog became obsolete as TV news crews came to use digital signals for terrestrial microwave links as well as satellite links. Because the U.S. has more of a focus on local news, Europe actually transitioned to DNSG sooner. The author of this excellent primer on satellite newsgathering (SNG), is an expert practitioner in the field, with years of experience in the development and operation of Reviews: 3. Satellite Solutions LiveU is making it easier and more cost-effective for customers to cover news and events live wherever they are in the world by combining LiveUs HEVC bonding technology with Satellite connectivity service. Satellite Newsgathering has 2 ratings and 0 reviews. Praise for the first edition: It is a wonderful source of information and has the merit of going st 5/5(2).

Satellite News Gathering Field Proven Reliability & Performance Years of field operations have demonstrated the reliability and longevity of Newtec products in a SNG environment.
